

## The HD Microphone Wind Filter Cover

The HD Microphone Wind Filter cover is now FREE with every Parrot car kit, bundle, and harness order! Just one more reason to purchase your Parrot car kit and harness from Safewireless -- the only Authorized Parrot dealer/rep offering exclusive money-saving Parrot car kit and harness bundles on the Net.

Nothing degrades mobile sound quality more effectively than wind. Safewireless is now offering the perfect solution to wind noise: the (HD) High Definition microphone windscreen cover for your hands-free microphone.

The HD microphone windscreen allows your listeners to hear you clearly under all wind conditions:

1. While driving with windows or sunroof open
2. While driving a convertible with the top down
3. While running the air conditioner or heater

These filters have the perfect fit and high performance for your Parrot car kit. They're Parrot approved -- and they're exclusively available from Safewireless. They protect the microphone from dust and moisture and deliver the best hands-free audio quality on the planet.

The HD wind filter is just \$9.99 for 2. It's the perfect low-cost, high-tech solution.
